

Great Fishing

Fishing is excellent, with your choice of Walleye, Bass, Northern Pike, Crappie and more.

Fish close to the resort or head down the Winnipeg River System for a day's fishing and a shorelunch. When you return, the "fish house" offers a clean sheltered area to prepare the day's catch!

We will wrap and freeze your fish for you, all labeled and ready for transportation.

Boat and motor rentals, complete with accessories, are readily available. For those guests who wish to bring their own boats and motors, there's plenty of docking space, with or without electrical outlets.

Leave the rest of your fishing needs up to us! From fishing licenses to freezer wrapping your fish, we're here to help.
